U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on SEPTEMBER 16, 1979
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
SEPTEMBER 17 - 23, 1979
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of September 27 (based on reports from exporters for the week ending September 16).

Wheat: The new increase in outstanding sales of 820,000 metric tons (MT) was the largest since the week ending July 2. Japan and Colombia were the most significant buyers with numerous other countries entering the market for smaller quantities. Sales to unknown declined sharply as exporters switched substantial contracts to the USSR. Interest in marketing year (MY) 1980/81 supplies was minimal with the only significant transaction being the 100,000 MT changed from unknown to the USSR. Export volume (792,600 MT) showed a good improvement over last week.

Corn: Market interest has almost completely shifted to MY 1979/80 with only minor transactions occurring to clean up current MY contracts. Japan was the principal buyer for MY 1979/80, although many other countries also added to existing contract balances. The USSR was the recipient as significantly large contracts were switched from sales previously registered to unknown. Brazil's initial purchase for MY 1979/80 was reported. Heavy exports (1,051,300 MT) continued to push the total closer to the export projection.

Sorghum: The bulk of the sales activity was concentrated in new crop as total sales rose by over 145,000 MT. Poland and Japan were the principal buyers for MY 1979/80 delivery. Exports (164,800 MT) were the heaviest in nearly a month.

Rice: Both new sales and contract adjustments highlighted the week's activity. Modest commercial sales were reported into Europe. Liberia added 11,000 MT to earlier purchases, while 14,000 MT was switched from unknown to Iraq. Sales of 50,000 MT to Iran, made earlier this crop year, were cancelled. For the week, total sales for the crop year showed a slight reduction.

Soybeans: Sales (418,800 MT) remained moderately strong due to purchases by the EC, Japan, Spain and Korea. Contract adjustments more than offset new sales, resulting in a net reduction in sales to unknown. Exports (236,800 MT) doubled with Japan (107,200 MT) the single largest recipient.

Soybean Cake and Meal: Market interest continued good for both old and new MY supplies. Increases in total sales to the EC and Eastern Europe accounted for most of the MY 1978/79 activity. Unknown destinations were the largest buyer for MY 1979/80 followed by EC, Czechoslovakia and Spain. Europe (68,300 MT) accounted for most of the 99,800 MT exported during the period.

Soybean Oil: Sales (1,200 MT) for MY 1978/79 were slow and most of the exports (13,200 MT) went to Pakistan. Unknown destinations accounted for most of the MY 1979/80 business.

Cotton: Sales (225,900 RB) were up sharply from last week due primarily to purchases by Japan (92,900 RB) and China-Mainland (90,500 RB). Several cancellations, particularly a cancellation of 13,200 RB to Argentina, partially offset the heavy new sales. Exports moderated to 97,000 RB, mostly to Asian destinations. Sales of 6,000 RB to Spain for the 1980/81 MY were recorded.

Barley, Oats & Rye: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR SEPTEMBER 17-23, 1979, APPEAR ON PAGE 20.
